

Come Get Stoned Before the Show With Swarovski Rhinestones

Adding rhinestones to a simple dress can give the dress the glitz and glamour to look as though you spent \$300.00. Not only that but it is fun. For the first time ever Star City Figure Skating Club is offering a class for anyone who is interested in learning several techniques in adhering stones to any dress. Two methods will be demonstrated during the class and the third method will be a hands-on sample.

Many sample dresses will be shown and discussed to help you develop an eye for what looks best.

A list for Internet sources for stones and fabrics, and ready made dresses will be given to the class.

The cost of the class **\$15.00** will include a kit with the supplies needed for completing the sample. Class size is limited to 10. The date, times and place for the classes are as follows:

Saturday, March 7 8:15 AM during Learn to Skate. Room TBA
Tuesday, March 24 7:00 PM during club free skate. Room TBA

Sign up at the LTS table with Deb or call Fern at 420-9492.

Don't miss out. Come join the fun. Create a something beautiful for your skater.

Everything Looks Better with Sparkles
