## HIGH SCHOOL GRADUATES

### Ailani Segura

Ailani has been skating for ten years, perfecting her skills with a particular fondness for the toe loop, a jump that highlights her precision and power on the ice. After graduation, she'll attend the University of Nebraska Omaha to major in Chemistry, with plans to apply to dental school to become an orthodontist, all while starting to coach and refining her favorite jumps and spins. Through countless falls while mastering axels, Ailani learned perseverance—

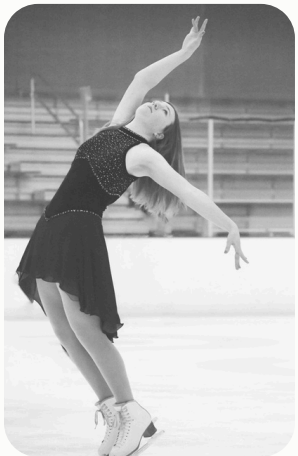

how to push forward even when success felt out of reach—and the courage to take leaps despite fear, lessons she'll carry forward as she tackles new challenges with confidence. One of her most cherished high school skating memories is imagining herself as an Olympic athlete with friends, creating improvised programs to music during public skate sessions, moments of creativity and camaraderie that made skating truly special for her.

### Cheryl Zeng

Cheryl has been skating since she was three, dedicating approximately 13 years to the ice with a one-year break along the way, honing her craft with a special love for sit spin variations that showcase her flexibility and control. After graduation, she'll attend Northwestern University to pursue undergraduate studies in Economics and another area still to be determined, while staying connected with SCFSC and embarking on a new skating journey in Evanston, Illinois. Cheryl plans to make the most of Evanston's numerous skating rinks and has her eye on joining the Purple Line, Northwestern's strong skating club and Synchro Team, eager to explore her options once she arrives on campus. One of her most treasured high school skating memories is what she calls "Board Time"—those moments stepping onto the ice, trailing

the boards to greet fellow skaters, stopping to catch up on peers' lives, or pausing to exchange advice and feedback with friends, a process of building connections that she deeply values.

### Nettie Lunquist

Nettie has been skating for three years, mastering moves like her favorite, the Ina Bauer, which perfectly highlights her elegance and determination on the ice. After graduation, she'll attend Southeast Community College in the fall of 2025 to study Hospitality Management, ready to bring her signature blend of focus and flair to her future career. Nettie's skating journey has shown her that chasing dreams with hard work leads to achieving goals, a lesson she'll carry forward in life. One of her fondest high school skating memories is watching the 2025 World Championships, where she found inspiration in the world's top skaters, fueling her passion for the sport.

## COLLEGE GRADUATES

### Ada Zicarelli

Ada has been skating since she was three, taking a four-year break after high school before returning with a renewed passion for the ice. She loves performing her Biellmann, a move that showcases the thrilling elegance of her style. After graduating from UNL, Ada will head to Milwaukee for graduate school to pursue her Master's in Clinical Mental Health Counseling, where she'll apply the fierce dedication she's honed through years of skating to her professional journey. Her favorite memories are the epic van rides back from competitions with the UNL team, filled with laughter, songs, and shared stories from the ice!

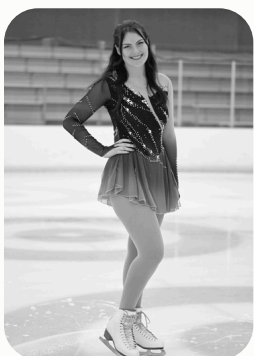

### Anna Gulzow

Anna has been skating for about 14 years, dazzling on the ice with her favorite cannonball spin, a move that showcases her dynamic energy and skill. After graduation, she plans to work in youth development and eventually pursue graduate studies in social work, eager to make a difference in her community. Skating and coaching have shaped Anna's approach to teaching, learning, and understanding human development, and she'll always carry the culture of skating with her, no matter where her path leads. Her favorite memory is traveling with the UNL Collegiate Skating Team, an experience filled with gratitude for the opportunities and deep love for her teammates, who've made her journey unforgettable.

### Gabi Hoffman

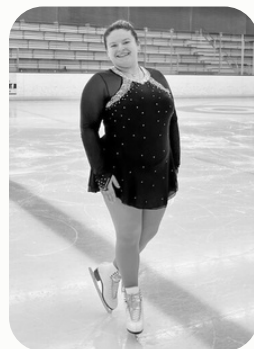

Gabi has been skating for over 10 years, delighting audiences with her favorite sit spin, a move that radiates her joy on the ice. After graduation, she's taking a fifth year to continue skating, balancing her passion with more school as she plans her next steps. Gabi's skating journey has taught her to always do everything with joy in her heart, a guiding principle she'll bring to every endeavor in her future. One of her most cherished memories is the UNL free skate nights, where she embraced the fun and freedom of the ice with friends, creating moments that will stay with her forever.

### Laura Diemer

Laura has been skating for 11 years, thrilling audiences with her favorite flip, a jump that brings her excitement to the ice. After graduation, she'll pursue a career in medical research and PA school, ready to make an impact in the healthcare field. Laura plans to apply the teamwork and leadership skills she's honed through skating to all areas of her career, while continuing to skate recreationally to keep her passion alive. Her favorite memory from her collegiate skating years is traveling to Michigan for a competition with the UNL team, a proud moment knowing they built a club that will endure for years to come, reflecting the lasting bonds and legacy she helped create.
